#### Active Ingredients

- 20% zinc oxide (Non-Nano Particles)

#### Inactive Ingredients

**Inactive Ingredients:** Aloe Barbadensis Leaf Juice (Aloe Vera)\*, Butyrospermum Parkii (Shea) Butter\*, Cera Alba (Beeswax)\*, Cocos Nucifera (Coconut) Oil\*, Copernicia Cerifera (Carnauba) Wax\*, Euphorbia Cerifera Cera (Candelilla) Wax, Helianthus Annuus, (Sunflower) Seed Oil\*, Ricinus Communis (Castor) Seed Oil\*, Theobroma Cacao (Cocoa) Seed Butter\*, Tocopherol

\*Certified Organic Ingredients

#### Directions

- Please adhere to your physician's protocol
- Wound must be fully closed; May be used over scabs
- Gently glide sunscreen over scar/incision 15 minutes before sun exposure
- Reapply: after 80 mins of swimming or sweating, immediately after towel drying, every 2 hours
- Children under 6 months: consult your physician
- For optimal results, use in conjunction with **RCP Scar Management**

#### Scar Tip

Scars are more sensitive to sunlight compared to regular skin. Even under clothing, darkening and thickening of the scar tissue may occur without proper protection. Avoid sun exposure and always apply a minimum of SPF 30 to prevent hyperpigmentation. Sunscreen should be worn for a full first year after wound is inflicted.

#### Warnings

**For external use only. Do not use** on damaged or broken skin. When using this product keep out of eyes. Avoid direct contact with eyes. Rinse with water to remove. **Stop use and ask a doctor if** rash occurs. **Keep out of reach of children.** If swallowed, get medical help or contact a Poison Control Center immediately. Protect this product from excessive heat and direct sun.
